## Safety data sheet according to Regulation (EC) No 1907/2006, Article 31

Printing date 13.04.2025

Version number 39 (replaces version 38)

Revision: 13.04.2025

Trade name Nafuquick Uni

(Contd. of page 2)

# SECTION 4: First aid measures • 4.1 Description of first aid measures • General information For all first aid measures: observe self-protection and consult a doctor! • After inhalation Remove people from the dusty area. • After skin contact Remove heavily soiled clothing. Clean with plenty of soap and water.

attention required.

• After eye contact Rinse for 10 minutes under running water with the eyelids open. • After swallowing Do NOT induce vomiting. Rinse mouth with water. Medical

## SECTION 5: Firefighting measures

<sup>•</sup> 5.1 Extinguishing media

- Suitable extinguishing agents CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
- 5.2 Special hazards arising from the substance or mixture
   5.2 Advice for firefighters
- 5.3 Advice for firefighters • Protective equipment:
- No further relevant information available.
- No special measures required.

#### **SECTION 6: Accidental release measures**

- 6.1 Personal precautions, protective equipment and emergency procedures
   6.2 Environmental
- precautions:

Not required.

No special measures required.

- · 6.3 Methods and material for
- containment and cleaning up: Ensure adequate ventilation.
- 6.4 Reference to other sections

See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal.

## **SECTION 7: Handling and storage**

 7.1 Precautions for safe handling

Avoid dust formation! Avoid spraying the ready-to-use cementitious product! Avoid contact with eyes and skin! Clean hands thoroughly at the end of work and before every break! Use skin care products! Change heavily soiled clothing! Change clothes at the end of work! Apply greasy skin protection ointment before starting work and after each break. Observe work restrictions!

Safety data sheet according to Regulation (EC) No 1907/2006, Article 31

Printing date 13.04.2025

Version number 39 (replaces version 38)

Revision: 13.04.2025

(Contd. of page 6)

Trade name Nafuquick Uni

Desensitised explosives

Void

#### SECTION 10: Stability and reactivity

· 10.1 Reactivity No further relevant information available. 10.2 Chemical stability Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications. 10.3 Possibility of hazardous reactions No dangerous reactions known · 10.4 Conditions to avoid No further relevant information available. · 10.5 Incompatible materials: No further relevant information available. · 10.6 Hazardous decomposition products: No dangerous decomposition products known

## **SECTION 11: Toxicological information**

• 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008 Based on available data, the classification criteria are not met.

· Acute toxicity

| LD/LC50 values that are relevant for classification: |            |                          |   |
|--|------------|--------------------------|---|
| CAS: 65997-15-1 Portland cement (low chromate)       |            |                          |   |
| Dermal   | LD50       | 2000 mg/k                | g (rabbit)  |
| Inhalative   | LC50/4 h   | 5 mg/l (rat)             |   |
| CAS: 131   | 7-65-3 Cal | cium carbo               | onate   |
| Oral   | LD50       | >2000 mg/                | kg (rat)  |
| Dermal   | LD50       | >2000 mg/                | kg (rat)  |
| CAS: 130   | 5-78-8 cal | cium oxide               |   |
| Oral   | LD50       | >2000 mg/                | kg (rat)  |
| Dermal   | LD50       | >2500 mg/                | kg (rabbit)   |
| CAS: 13463-67-7 Titanium dioxide                     |            | xide                     |   |
| Oral   | LD50       | >5000 mg/kg (rat)        |   |
| Dermal   | LD50       | >10000 mg/kg (rabbit)    |   |
